

In Gratitude to our Beloved Master Dang.

We are indeed Blessed to have received the teachings of Master Dang since the birth of the Universal Energy School in Toronto

Master Dang was the most humble, inspiring, encouraging, kind, and courageous teacher one can ever have in this lifetime. He taught us natural knowledge and intelligence which he always said cannot be obtained from books. He taught us to find our own truths and thus, to build our faith and trust in the life force that is the All of All that is.

Master Dang taught us:

- To accept all that is
- To understand the influence of tradition, culture, society and family on our path
- To discard that which inhibits our freedom
- To spread the Bodhi Seed, love and compassion, in all that we are
- To know that we must begin the change process firstly with ourselves by the very way in which we demonstrate love to the 100 trillion souls in the cells of our body
- To know that our highest purpose on this journey is to achieve wisdom and enlightenment

But he would always paraphrase his teachings with one question: “Can we do it?”

Then he would say: “Don’t be afraid. I am always by your side. Just ask for my help.”

Master Dang, you the teacher, and you the person!

You have been our Beacon while in the physical form, a Lighthouse out on the edge, out on the pinnical point to guide the way.

That very bright central one Light was burst open and was given new birth.

We know now Master that this Lighthouse, with the Light Beacon, is now a Christmas Tree with many sparkling little lights, a Tree that is so brilliant, that it can be seen by everyone.

Those little sparkling, twinkling lights are us, your students around the world.

Your brilliant, one bright Star, all around us, permeating our very presence to guide us in the application of the teachings you imparted to us, your legacy to mankind.

From MEL Toronto we say farewell to your incarnation of this one lifetime, a brilliant lifetime of purpose.

From MEL Toronto, we say “Thank You, Master Dang.”

We are ready to receive the Gifts of your teachings more strongly now Master Dang, our Beloved Master, Master Dang.

You are always in our hearts. We Love You Master Dang.
