ANNOUNCEMENT

Re: Master Luong Minh Dang's 2nd Memorial Ceremony 19-20-21 August 2009

A year has gone by. The overall achievements from the Universal Energy (U.E.) practitioners, instructors and Center's Directors, have completed your part of the responsibility and mission within your own level. So you can continue on the journey in both, material and spiritual aspects, to help all U.E. practitioners to develop further on the spiritual path to have the balance in life, as well as the ability to face the current reality in each day, each hour and each minute. All of the U.E. practitioners continue to follow this journey in both, material and spiritual aspects, with everything our Spiritual Master has prepared and taught us through the past 18 years. This is the moment we have to act. We no longer have time to wait or to wish for a brighter future.

Therefore, what is the meaning of Spirituality? What is the meaning of Enlightenment? What is the meaning of Hope? Only with our action we can show the complete happiness inside our own mind and body, and toward other people who are directly linked to us. We can only create the light of joy through our ACTION. Our action here means how we can initiate the opportunity and the capacity to have a close interaction between the soul, body and subconscious mind. Three as One, One as Three.

On the occasion of the **Second Memorial Ceremony** of our Spiritual Master, who is the Master of all U.E. practitioners in five Continents, the Headquarters Office of Mankind Enlightenment Love wishes to notify and cordially invite all of you to come and attend the Master's Memorial Ceremony. The Headquarters Office decided to organize the ceremony according to the Vietnamese tradition on the Lunar Date of June 30th which is August 20th in the Gregorian Calendar. Since there are Center's Directors who plan to organize the Memorial Ceremony in their own region according to the Gregorian Date, in order to help the students who are not able to come to Saint Louis on the date shown above.

In parallel to this, all of us will celebrate the **20th Year Anniversary** since the time our Universal Energy School has begun from the small city of Saint Louis. During this Event, you will officially be updated and have a chance to meet the highest instructors in U.E. School, who have followed and absorbed essence from our Master through their own life experience as well as teaching courses over the years.

Furthermore, the remaining time of 2009 is very important because it marks the end of the first decade of the 21st Century, as we follow through the first phase. Also, it is the year in which we need to have a clear understanding about the root of this teaching, whether you are a beginner or old-timer. Sometimes we advanced so fast and forgot our root, which acts as a secured foundation for our enlightenment. It is a necessity and blessing that we can go back to learn through the life experience of our Master. By learning about our Spiritual Master we would understand the core essence of His being, which will enlighten us so we can confidently pass on His wisdom to the future generations.

With this Event we will be more conscious and awaken in order to follow the footstep of our Spiritual Master by the experiences we gained over the years from learning through the Master and our colleagues. So we can serve our community, society and surrounding environment in our daily life.

This event will be conducted and held in Saint Louis, Missouri, USA on **19-20-21 August 2009**. Details about the Hotel and Application Form are attached and distributed to all the U.E. practitioners worldwide.

Thank you very much.

Saint Louis, April 23, 2009

Dr. Sir LUONG MINH TRUNG

MSW, Ph.D., KC.St.J.

President of MEL Headquarters in U.S.A.
